

Subject: Guidance Material feedback

I am writing with feedback about the Guidance Material for the new Australian Aged Care Quality Standards. I note that although there are many links to spirituality and spiritual care in the Guidance Material, the federally funded National Guidelines for Spiritual Care in Aged Care have not been referenced. The Spiritual Care Guidelines are a great resource for organisations and freely available to download from Meaningful Ageing Australia's website: <https://meaningfulageing.org.au/product/national-guidelines-for-spiritual-care-in-aged-care-digital-copy/>.

It would be a pity if a valuable resource such as this were to be omitted from the Quality Standards Guidance Material, and I would therefore ask that you consider including it.

Thank you.
