To whom it may concern,

I am writing with feedback about the Guidance Material for the new Australian Aged Care Quality Standards. I note that although there are many links to spirituality and spiritual care in the Guidance Material, the federally funded National Guidelines for Spiritual Care in Aged Care have not been referenced. I have found these guidelines to be very useful for myself and believe the Spiritual Care Guidelines are a great resource for all organisation. They are freely available to download from Meaningful Ageing Australia's website:

I suggest the Spiritual Care Guidelines should be included.

Thank you.
