

Staying connected with the people you love during COVID-19

It's important to stay in touch with the people you love, even if COVID-19 restrictions mean they can't visit you as easily or as often. Here are some safe ways to stay in touch.

Talk on the phone
or video chat

Write a letter
or email

See them
in person

Social media
or group chat

Ask for help if you'd like to try a new way of connecting with family and friends.
Don't be afraid to try something new – you might love it!

At the end of the day, it doesn't really matter how you stay in touch, just that you do.

Who will you contact today?
