The Commission is committed to providing a range of resources to support the sector with the introduction of the strengthened Quality Standards.

We tailor our resources so that they are suitable for older people, aged care workers, and aged care providers. We aim for our materials to meet the needs of diverse audiences and to be inclusive, easy to understand, and delivered in a range of formats.

Sector Readiness Plan

This gives a forward view of the key resources the Commission will be publishing in the coming months. It also has hyperlinks to resources as they come online – so please check in with it as it will be updated frequently.

Resources to support audit will be published on the website soon. In the meantime you can review our draft Audit Methodology, draft Evidence Mapping Framework and a draft pre-audit preparation tool. These will give you good guidance about the Commission's intended approach.

These draft resources are currently being updated following sector consultation.
