

# SIRS – What does this mean for your care and services?

**Everyone in aged care has the right to feel safe.**

To help keep you safe, we now have the **Serious Incident Response Scheme** or **SIRS**.

SIRS will support your right to be treated with dignity and respect and to live your life free from neglect, violence and abuse.

**Staff must record all incidents**

**If you get hurt – or nearly hurt – staff must pay attention**

**SIRS is here to keep you safe**

Staff must report incidents when they are discovered, support you immediately, and stop them from happening again.

**Let's stay safe together.**
